

A few comments from our parents

'My son did not know anybody when he started at Our Lady's in September but he absolutely loves it and he has made lots of friends. We looked around all the high schools in Morecambe and Lancaster and he preferred Our Lady's to them all.'

'I couldn't really ask for any more from a school. My son is nurtured and cared for as an individual, as well as challenged to strive for excellence in his academic achievements. He is also encouraged to develop his talents through enrichment and extra-curricular activities. He has a great group of friends and goes to school each morning with enthusiasm. When I asked him what he liked about school he couldn't single anything out because he 'likes it all!'

'Our Lady's is a family friendly school and has really welcomed our son. He has been thrilled to take part in school events and sports and the school is just the right size so that he never feels like a face in the crowd. He's made a fantastic transition from primary school.'

'Sending your child to secondary school can be a really stressful, worrying and nerve racking time for a parent. The fact that my son was so welcomed and so well informed of how school life would be, helped him feel confident and allowed me to relax.'

'My son came along to 'The Sound of Music' at Our Lady's, loved the show and decided to look round at the Open Evening. We also looked around other Lancaster and Morecambe schools but Our Lady's was the one he liked best. We feel the school has encouraged, supported and helped him to achieve academically, as well as socially, well beyond what we had hoped for. The school is large enough for the pupils to belong to a community, and yet small enough for pupils to be treated personally and individually. We've all loved the school, and it has been the perfect choice for my son.'

'I have chosen Our Lady's for all my girls and now my granddaughter is a pupil. It is a fabulous school focusing on community and care whilst supporting students to stretch and develop their learning. I couldn't have made a better choice.'

'As a member of staff at Our Lady's when the time came for my son to go to High School I knew there was only one school that I wanted him to go to. Now in the Sixth Form here he has had the best education with the most dedicated teachers I have ever met. He has made great friends and has thrived in the caring community that is Our Lady's.'

'At every parents meeting attended over the years I have always been impressed by the enthusiasm and genuine care for the students that each teacher has shown. My daughter has been inspired to learn and this was evident in the results she gained yesterday.'

'My son had always wanted to go to the Grammar School but after looking round there didn't like it, so we visited the other schools in Lancaster and Morecambe. He loved two of these including Our Lady's, so we visited both schools again during school hours. He chose Our Lady's, he just felt it was right. He was the only person from his primary school to come to Our Lady's that year, but that didn't put him off at all. He easily made friends, and has loved the school, enjoyed the subjects he is studying and has a great relationship with his teachers.'

'We made the perfect choice sending our daughter to Our Lady's. She is so happy there. The great support and constant encouragement has helped her be a lot more confident. The pastoral care is also fantastic. I will be sending my son there next September.'

'Our Lady's has a warm friendly feel which we noticed straight away. Everyone gets an opportunity to take part in school events and everyone is included. I would recommend Our Lady's to anyone looking at high schools.'

'Every time I've been in the school, be it for parents' evenings, dance shows or dropping things into the office, I cannot explain how comfortable I feel. The school feels a very relaxed, peaceful and happy environment. I am looking forward to be involved with Our Lady's over the next years of my son's school life.'

SALUS POPULI
