Aims and Objectives of this Policy

- To ensure that **all** students, parents and staff are aware of the definition of bullying and the distressing effect it has on victims.
- To outline Our Lady's Catholic College Anti-bullying strategy
- To ensure that all students, parents and staff are fully aware of procedures for reporting bullying incidents and the strategies adopted for supporting those involved in these incidents.
- To create a school community where bullying is recognised as unacceptable and where all students can feel valued, secure and happy.
- To foster a culture of 'telling' in which students who are being bullied, or think another student is being bullied, speak up and tell a member of staff in the full knowledge that they will be listened to and receive a prompt, appropriate and sensitive response. This extends to parents and/or carers who are encouraged to report changes in their child's behaviour or suspicions that their child is a victim of, or perpetrator of bullying.

Definition of Bullying

Bullying is any form of deliberate behaviour, by an individual or group, repeated over time which intentionally causes hurt or distress physically or emotionally to another individual or group.

Bullying has many forms – e.g. physical, verbal, emotional or electronic (cyber-bullying). A bully is someone who targets others and makes them unhappy or frightened over a period of time. They may do this by:

- Threatening behaviour (psychological, intimidation)
- Using physical violence
- Using unpleasant words – insulting comments, mocking verbal abuse
- Stealing property, taking or demanding money
- Deliberately upsetting people
- Sending unpleasant text messages/images
- Using the internet/MSN/technology to spread unpleasant rumours (cyber bullying). See Internet, Email & Social Media Acceptable Use Policy for further details

Single, one-off incidents are not usually bullying, but if they are repeated, they must be reported and will be dealt with by the school. We are aware that bullying can happen anywhere, but we strongly believe that wherever students are they have the right to be safe. Nobody has the right to deliberately make anyone else unhappy.

Safeguarding Children and Young People

Under the Children Act 1989 a bullying incident should be addressed as a child protection concern when there is 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm'. Where this is the case, school staff should report their concerns as per the Children Protection Policy and Procedures.

Even where safeguarding is not considered to be an issue, schools may need to draw on a range of external services to support the pupil who is experiencing bullying, or to tackle any underlying issue which has contributed to a child doing the bullying.

Bullying Outside School Premises

Head teachers have a specific statutory power to discipline pupils for poor behaviour outside of the school premises. Section 89(5) of the Education and Inspections Act 2006 gives head teachers the power to regulate pupils' conduct when they are not on school premises and are not under the lawful control or charge of a member of school staff.

This can relate to any bullying incidents occurring anywhere off the school premises, such as on school or public transport, outside the local shops, or in a town centre.

Where bullying outside school is reported to school staff, it should be investigated and acted on. The head teacher should also consider whether it is appropriate to notify the police or other external organisations in their local authority of the actions taken against a pupil. If the misbehaviour could be criminal or poses a serious threat to a member of the public, the police should always be informed.

Our stated commitment is that when a young person speaks out about bullying:

- They will be listened to.
- Their concerns will be taken seriously.
- The matters will be investigated.
- Someone will be there to help and support the young person.

Anti-bullying Procedures

The following steps are taken when dealing with incidents:

- If bullying is suspected or reported, the incident is dealt with as soon as possible by the member of staff who has been approached;
- If it is deemed necessary, the staff member will seek the support of the appropriate PSO or a Member of SLT
- A clear account of the incident is recorded and passed on to the appropriate PSO and recorded on SIMS (as a behavior incident as bullying, giving the specific type). See appendix 2
- The PSO/ Member of SLT will interview the individuals concerned
- An RJ session will be initiated (when both parties feel the timing is correct)
- Parents will be informed as necessary
- A bullying contract may be completed at this point (see appendix 3)
- The victim and perpetrator will be monitored and a follow up meeting will be arranged if necessary.
- Appropriate staff (including external agencies when necessary) will be kept informed of the individual student needs and support mechanisms.

Pupils who have been bullied are supported by:

- Being offered an immediate opportunity to discuss the experience with a member of staff with whom they are comfortable to speak;
- Being reassured;
- Being offered regular support;
- Being assisted to have their self-esteem and confidence restored;
- Where appropriate, (if the student and victim are in agreement) restorative practice strategies may be used (Appendix 1) to allow the victim to explain the consequences of the bullies' actions to them face to face. This is conducted in a safe and supported environment with trained members of staff. Agreements would then hopefully be reached allowing a new relationship to be established.

The Mentor Scheme

A number of year 11 pupils in the school have been trained up as mentors to support students who feel vulnerable or have concerns they would like to discuss. T mentors are trained to support the students and to pass on information to staff as appropriate. The mentors are based within KS3 forms, so they can be more accessible to students if the need arises.

Student digital reporting

The school operates a text service that students can use to pass on concerns they do not feel comfortable reporting directly to staff in person. The phone number for this is:07470515962

Impact Assessment

Information regarding bullying incidents are recorded and stored centrally and will be monitored regularly by the pastoral leader. Strategies adopted and the outcomes (including long term success) are also recorded allowing the effectiveness of the strategies to be considered.

Staff awareness

All staff are made aware of the anti-bullying policy and sign a receipt to indicate they understand and will follow the procedures. The pastoral leader will initiate training to progress leaders at pastoral meetings, to be disseminated to whole staff in YAM meetings. This policy will be evaluated and reviewed annually.

Pupil awareness

Students will be reminded about the procedure termly , with a specific focus in November (National Anti-Bullying Month) when outside speakers/ SLT will speak during assemblies about our policy, its impact and how situations can be reported and where support can be gained from. Students are encouraged to self-refer to either their Form Tutors or to another member of staff they feel comfortable talking to. These procedures will be regularly reviewed by key members of teaching staff, SENCo, PSO and the pastoral leader

Commitment

Provide an opportunity for those involved where:

- The wrongdoer learns the effect of an action on others
- Those affected are heard and acknowledged
- Responsibility is taken with appropriate actions to make things right
- A positive learning experience is created

Process

1. First ask the wrongdoer what happened, and to then identify who has been affected and how
2. Next ask the harmed person what happened, to express their feelings and needs
3. Finally ensure everyone understands the outcome and individual responsibilities

Avoid

- Asking 'Why?'
- Thinking you already know what happened
- Giving your opinion
- Interrupting
- Losing patience
- Leading interventions when you have been affected.

Find out

- ? What happened?
- ? What were you thinking about when this happened?
- ? Could you tell us what happened?
- ? What did you think when you realised what had happened?

Acknowledge

- ? Who has been affected by what happened?
- ? How do you think has been affected?
- ? How do you feel about what happened?
- ? What has been difficult about this for you?

Responsibility

What do you need to happen to make things right?

What do you need to happen next?

What do you need to do to make things right?

What do you think needs to happen next?
