The upcoming term provides year 9 students with time to revise for their examinations. The school would ask parents to encourage their son / daughter to organise a revision timetable for the February half term break (see leaflet enclosed).

The year 9 examinations are organised to:

- Give an indication of likely performance in the actual examination.
- Act as student motivator.
- Test effectiveness of revision allowing students to organise and review their work.
- Monitor progress.
- Give experience of answering examination style questions under examination conditions.
- Allow students to learn from their mistakes without fear of failure.
- Show strengths and weaknesses in knowledge thereby providing guidance for future work and revision, to enhance their readiness for the 'real' exams to follow.

Thank you in anticipation of your support at this time, we look forward to feeding back to you, over the coming months, some fantastic news of your sons/ daughters academic achievements. If you have any questions whatsoever about this most important upcoming time feel free to contact myself or your son / daughter's relevant subject teachers.
