

# Year 9 Music

Are you interested in developing your skills as a musician?

- Performing
- Composing
- Listening
- Developing confidence

If so, then Music in year 9 may just be what you're looking for!

## *So what do we do in Year 9?*

Learning about the music industry and different jobs that are available will be a great start to BTEC music and increase your knowledge of current musical opportunities like how to get discovered and negotiate your first recording contract!

You will continue to develop practical skills on a range of instruments including keyboards and ukuleles with some exciting new opportunities as well.

You will learn how composers use different techniques when writing music and will develop skills in writing your own music. Including the use of computer software to create a professional-sounding piece of music.

You will spend a lot of time working in groups with others and must be prepared to perform in front of each other.
